

# JOHN MUIR DISCOVER AWARD

## Summer Holiday Family Challenge

## Find a wild space near you

We would encourage you to leave your car at home as much as possible when doing your John Muir Summer Challenge – and explore your local area! Many of you will live in one of the towns surrounding the hill, and so we have gathered together some pieces of information about parks within these towns. This isn't an extensive list however, and we have not yet visited all of these places ourselves – so please ensure your families safety when visiting any public site. If you use OS maps, why not explore some of the Public Rights of Ways (footpaths and bridleways) close to where you live. Always ensure you stay only on public footpaths or bridleways, and do not trespass onto private land.

Please remember wherever you are exploring, follow the Countryside Code and respect the land you are walking on. At this time, also ensure you follow the current government guidelines and stay distanced from other path and park users .

# RESPECT, PROTECT, ENJOY...

## When in the countryside please:

**Thank  
you!**
