Timescale

Start date: April 2018

Completion date: March 2019

Project Lead Partner

LP Team (Access Officer)

Project Summary

The summit of Pendle Hill (also called the Big End or Beacon) will be restored as a flagship project in 2018. Elements will include footpath improvements, building of a dry stone wall seating area, a panorama viewpoint and peatland restoration works, all combined with visitor information and engagement. The project will involve volunteer opportunities, as well as contracting work, alongside public education about the works and the need for conservation

Audience

- All visitors to the summit of Pendle Hill including:
 - Experienced and non-experienced walkers
 - Families
 - Fell runners
- Volunteer groups
- Local businesses

Outputs & Outcomes

OUTPUTS
12m of dry stone wall created
2600 m of footpath improved
10 ha of peatland restored
1 new Interpretation feature created
30 people attending arts workshops
30 volunteer days
10 people trained

OUTCOMES
The summit will be a more attractive and safer place to visit
People will volunteer
People will learn about peatland and about the views from and heritage of Pendle Hill
More people will visit the area
Local tourism businesses will benefit

Legacy

Maintenance will be required of the panorama, shelter and paths, this to be supported via the existing partnership of AONB and landowners; peatland restoration works will be monitored for re-vegetation success and if this is not secured by year 3 the area will be fenced and re vegetated – to be funded via the Wild About Pendle project budget and additional funds sought from Environment Agency.
